

# Subscribing to our School Events/Activities Calendar Tutorial

Go to our website: <https://www.central-cass.k12.nd.us>

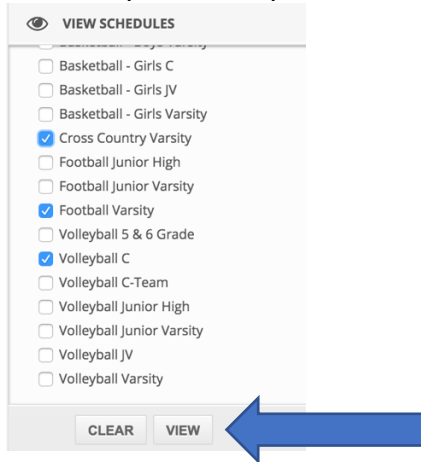

Click "School Events Calendar"

This will open up the "rSchool" calendar app we use. From there you can click the eye/View Schedules.

Select any activities you want to subscribe to, then click "View."

Then on the top of the screen click "Subscribe." It will then give you directions depending on what type of phone/computer you use to subscribe to those activities you selected.

Note you can also download the **rSchool** app from the App Store or Google Play to view schedules and upload calendars to your device from your phone! Check it out!
